Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This application is the National Stage of PCT/US2005/003462, filed January 28, 2005, which claims priority from U.S. Provisional Application Serial No. 60/540,176, filed January 29, 2004.

Pursuant to 37 C.F.R. §1.56, §1.97 and §1.98, documents that may be material to the examination of this application are listed on the attached form PTO/SB/08A. In accordance with Rule 1.98(a), copies of U.S. patents are not enclosed. Cite no. M was listed in the International Search Report.

The cited documents disclose numerous specific features. There has been no attempt to enumerate each and every feature disclosed by each document, however. The Examiner is requested to review these documents and to determine the extent of the materiality of the document disclosures, if any, with respect to the present invention.

The discussion of any art and the citation of any document herein is not to be construed as an admission that the art or document disclosure is necessarily within the invention field of endeavor, that the art or document disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that the art or document disclosure is otherwise necessarily prior art as defined by the patent law with respect to the instant invention and application.

Applicants reserve the right to later set forth how the claimed invention is distinguished over the disclosure of any document or other art, including the disclosures of the art and documents recited herein, as well as documents that may be cited by the Examiner in rejecting a claim in the instant patent application.

The recitation herein of the art and documents is not to be construed as an assertion that more pertinent art could not possibly be in existence.

An early action on the merits is solicited.

Respectfully submitted,

Dated: June 28, 2007
